

Supporting High-Quality Schools & Educational Opportunities for Student Success

Education Success Network's partners and supporters provide educational opportunities for the students who need them most.

At this time- when thousands of Rochester students face barriers like learning differences, extreme poverty, trauma, generational educational challenges, and failing city schools- overcoming the factors limiting students success requires **ACTION**. Creating true Educational Opportunity requires students, parents, and teachers have access to high quality academic choices. We enhance education for all by collaborating with schools and communities to foster viable, high quality options.

Our family of organizations is vested in a **VISION** and **STRATEGY** to enhance opportunities for 5,000 students, advance systems change, and drive collective impact. Here is the framework:

⇒ **ENHANCE THE REACH & IMPACT OF EDUCATIONAL PROGRAMMING**

Education Success Network develops, operates, and supports exceptional schools and academic intervention services, and provides integral **PARTNERSHIP** and start-up support for programs.

⇒ **MAXIMIZE THE INVESTMENT IN EVERY CHILD**

Funding for education is closely held, too scarce, and hard-won. Our ability to **LEVERAGE** public funding with private donations is instrumental in magnifying the impact of every dollar for the schools and opportunities we support. Through the provision of business and support services, and facilities, we aid organizations to keep the education of students as their core focus. Purposeful partnerships, shared services, evaluation and continuous improvement enhance the impact of every dollar.

⇒ **CREATE LONG-TERM FINANCIAL STABILITY FOR SCHOOLS & EDUCATIONAL PROGRAMS**

Real **PARTNERSHIPS** and investment in effective programs, school buildings, and critical school supports facilitates reinvestment of resources into the partner organizations and fosters sustained **FINANCIAL STABILITY**.

Beginning with The Norman Howard School in 1980, Education Success Network and Foundation has a 35 year, proven track record of improving the trajectory of struggling learners. We are focused on student success and building a family of organizations actively **IMPLEMENTING**, **PARTNERING**, and **COLLABORATING** to transform lives through education. Thank you for your support, our strategy will be stronger with you.
